

BOMB SCARE OF SOLONS HELD GROUNDLESS FATE OF THREE AVIATORS IN LOST PLANE MYSTERY

'ROUND 'N' 'ROUND

Eastbay residents were treated to something unusual Monday in the electrical storm. And of all places the lightning had to pick out the dome of the Oakland city hall to make an impression.

The hall yesterday wasn't any too welcome either. But it won't be for long. The weather man has already promised warm clear weather within the next few days. That's something for you amateur gardeners and flower growers to look forward to.

And just because we suggested in this column a short time ago that a little precipitation would be welcome, there are some who would blame the superabundance of rain upon our tiny plea. Oh, well! 'Twas ever thus.

Oh, Hum! Aren't the boys having a lot of fun in Oakland these days? What with some of the boys ready to tell everything and probably a little more, there are some who are as noisy as the proverbial sphinx. And after the grand jury gets through, what will we have? Probably several hundred thousand pages of evidence to clutter up the files of Alameda county.

Here's a tip to some of the local Bungles. When your neighbors won't listen while you tell them what you think about them just put a sign in your window. Of course the police may call and arrest you for disturbing the peace, but then what is an arrest more or less in this modern world? An Oakland woman tried it and it must have proven a success because those against whom the sign was directed have had her arrested for disturbing the peace. Anyway, we'd like to know what was on that sign.

Maybe it wouldn't prove anything anyway, but we'd like to see someone dig a hole straight down until he reached something or other. We've heard all kinds of theories about what is under our feet, but evidently no one has ever had the time, money or patience to start digging down and just keep on going indefinitely until something or other happened.

Maybe after some of the explorers get through playing around the two poles and the few wildernesses left they will start toward the core of the earth.

Not that it ever bothered us very much except to make us jam on the brakes several times when it happened to hurt forth just as we were passing, but the Albany siren has been nuzzled. Neighbors objected to the loud blasts of the siren during the noon hour and have succeeded in having it reduced to two short blasts.

Now some of the hard working boys who sleep during the day and toll at night can slumber without being disturbed.

Airplanes are not so easy sailing in some respects. Just as though aviation didn't have enough trouble now they are trying to blame aviators for importing the fruit fly. And there may be a grain of truth in the charge. Investigations are being made.

And the fellow who figured out that the wealth of each person in the United States amounted to \$3000 failed to interview us before his figures were compiled. Either that or someone is holding out on us.

Ministers are not exactly as they are painted in some respects. A few days ago a group of them edited a paper in an eastern city. Strange to say, crime played a prominent part on the front page. Stories about national affairs, the naval disarmament conference, and other news of a similar nature which would have found front page position under an experienced journalist, didn't even get a tumble on the inside page.

BAILEY RECOVERS
Frank Bailey, Richmond mail carrier is back at work again after a six weeks layoff due to injuries sustained from a fall.

FLIERS AID IN DESERT SEARCH

LOS ANGELES, Feb. 25.—UP—The fate of three men instead of two remains hidden by treacherous mountains or barren desert in which a Western Air Express plane disappeared Sunday. It became known tonight when it was discovered that John W. Slaton, a steward, was aboard.

Previously it had been thought that only James Doles, pilot, and Albert W. Beiber, co-pilot, were on the empty ship, which they were "ferrying" from Kingman, Ariz., to Los Angeles in a storm. The announcement concerning Slaton was made by the local offices of the air line. It was said that the information had come from Kingman, but that officials here did not know how the steward had been overlooked previously.

Mountains Searched
Meanwhile searching planes were concentrating on the San Bernardino mountain region, where a red and white plane was reported to have been seen Sunday afternoon. The report was made by Norman White, a rancher in the Deep Creek region, on the east side of Cajon Pass.

A forest ranger at the Los Angeles county playground, also in the San Bernardino mountains, said he heard the motors of a plane intermittently for a short time Sunday afternoon, indicating that a plane was circling about at 2 p. m. the time of the passage. Doles should have been in the Cajon Pass District. He left Kingman at 1:45 a. m., flying through sleet and a windstorm.

Seven Planes Out
Seven planes from Los Angeles criss-crossed the San Bernardino mountains today. Three planes worked out of Kingman, two of them coming through to Los Angeles. There was no sign of the missing tri-motored plane.

Later in the day, the searchers worked further east of Cajon Pass beginning a more thorough search of the Mojave desert. Whether the missing ship passed safely thru the storm over the wastelands and got to the mountains is not known there having been no definite reports of its passage in Arizona or positive identification of the red and white craft seen by Marsh.

Western Air Express officials seemed inclined to hold to their belief that Doles landed safely and has been unable to take off again because of damaged wheels or engine trouble. He was regarded as a cautious pilot, particularly since he landed in a snowstorm last October and brought a full load of passengers into Albuquerque, N. M., 30 hours late.

SCHOOL HEADS MEET MARCH 1

MARTINEZ, Feb. 25.—William H. Hanlon, county superintendent of schools and district attorney A. B. Thinning of Contra Costa county will be the main speaker at a meeting here of school trustees and principals March 1.

Hanlon will outline the policies and Thinning will clarify the new liabilities law effecting school trustees and districts.

J. D. Keith, a member of the Contra Costa Unit of the California Taxpayers' association, Samuel H. Cohn, assistant state superintendent of schools and Dr. L. H. Peterson of the University of California will also speak at the meeting. Keith will discuss the tax situation in this county and Cohn will tell of the new state laws regarding trustees and educational institutions. Peterson's topic will be "Larger Unitive Administration."

Indian Fighter Buried In Bay
SAN FRANCISCO, Feb. 25.—(UP)—The body of John B. Nimetz, 79, Indian fighter, was buried in the waters of the Golden Gate today. In accordance with the last wish of Nimetz, relatives took his body on board the tug Sea Lion and sailed to the entrance of San Francisco bay, where it was lowered into the water.

Will Appear In 'Talkies'

MME. MARGARET MATZENAUER has resigned from the Metropolitan Opera company and will appear in the talkies.

3 CHINESE FOUND SLAIN AT DOWNEY

DOWNEY, Feb. 25.—UP—All the mystery of Oriental crime surrounded the murder of three Chinese whose bodies were found on a lonely ranch near here today, their heads apparently crushed with a heavy instrument, and their throats cut.

The knife that had been used in the triple slaying was sticking in the floor between two of the bodies.

A dishpan filled with blood-stained water was on a table nearby, giving evidence of the cool manner in which the murders were washed his hands before ransacking the bunkhouse in which the bodies were found.

Capt. William J. Bright, of the Los Angeles county sheriff's homicide squad, said the three men apparently had been killed as they slept last night.

The three were identified as N. G. Kee Yuen, 62, lessee of the ranch and two employees, Len Shew Chong, 60, and Hew Cheung, 54.

In the belief that there was no long trouble on the Pacific coast, Bright took the ransacked condition of the house to mean that robbery was the motive.

Probe Opens In Death Of TOTS
MERCED, Feb. 25.—UP—The finding of the corpses of two infants in a shed here today was under investigation by District Attorney Frank Ostrander.

J. D. Medlin, an undertaker, stated that he sold the property a year ago, and that the new owner probably overlooked the corpses which had been stored in the shed "for convenience."

Ostrander threatened to bring the matter to the attention of the State Bureau of Vital Statistics unless the death certificates of the babies were produced.

Medlin promised to locate the certificates.

BECKER IN OFFER TO 'TELL ALL'

OAKLAND, Feb. 25.—Voluntarily appearing at the offices of District Attorney Earl Warren, Sheriff Burton F. Becker today declared he would appear before the Alameda County Grand Jury tomorrow, and tell all he knew of the Oakland paving and vice situation.

The sheriff's example was followed by Deputy Sheriff A. R. Shurtlett whose name has been linked with that of his chief in charges of acceptance of "protection" money from bootleggers.

The other two deputy sheriffs, J. J. Collier and J. L. Davis, also alleged to have been collecting graft, did not indicate what their actions would be.

Becker's announcement that "he would tell everything," followed a brief conference with the district attorney, and came as a complete surprise as no subpoena had been issued for him, Warren merely sending a request that he testify.

Not In Hiding
Rumors that Becker was "hiding out" were dispelled with his appearance at the district attorney's offices today.

Declaring he had nothing to conceal, Shurtlett said he would lay before the grand jury a contract and receipts showing he had

OAKLAND STORE HIT BY FLAMES
Oakland was treated to one of its most spectacular fires in years late last night when a three story furniture store was gutted near Ninth and Broadway causing a loss of approximately \$50,000.

The fire believed to be of incendiary origin caused three alarms and every piece of available fire fighting equipment was rushed to the scene. The burning building faced the Orpheum theater on Broadway and the Fox-Oakland theater on Telegraph.

Theater patrons and thousands of others in the downtown section flocked to the blaze and tied up traffic for several hours in the downtown section.

Postmistress At Martinez Resigns
MARTINEZ, Feb. 25.—Mrs. Nellie K. Cushing, postmistress for the last eight years today forwarded her resignation to the postmaster general at Washington. She also wired Congress man Charles F. Curry that she intends to retire just as soon as her successor is qualified.

Mrs. Cushing has held the postmastership here for eight years succeeding J. J. Anderson, who served out an appointment by Woodrow Wilson. During her incumbency the business at the local office has grown to a point where larger quarters were required. It is believed that the local office will be advanced to first class rating in July.

A successor to Mrs. Cushing has not been agreed upon.

HEROISM OF U. S. ENVOY TO SANTO DOMINGO DELAYS WAR

SANTO DOMINGO, Dominican Republic, Feb. 25.—(UP)—The tactful diplomacy of an American diplomat, Minister Charles B. Curtis, and the risk taking exploits of John Moore Cabot, young secretary of the U. S. Legation here, were believed tonight to have prevented the possibility of immediate bloodshed in the Dominican revolution.

Santo Domingo, the capital, was quiet. Government forces and insurrectionists were facing each other in a line about 13 miles from the city but were maintaining a truce pending negotiations. The rebels' army was estimated at from 500 to 1000, but their strength in the interior was not ac-

Heads Chain Store Firm

LEO G. FEDERMAN is president of the Interstate Department Stores, Inc., a chain of stores that are located in leading U. S. cities. Rumors have it that the chain will merge with Montgomery Ward.

BRIDGE WORKER DIES IN FALL

MARTINEZ, Feb. 25.—Crushed and bruised by a 70 foot fall from the Southern Pacific bridge, now under construction, Wallace Stone, 25, died at the county hospital tonight.

Stone an experienced structural steel worker, was at work on the bridge when in some manner he tripped and fell. Twice his falling body struck the false work around a pier and he landed upon a barge.

According to a report at the county hospital, almost every bone in his body was broken by the fall.

Stone leaves a wife, who lives in Martinez.

This was the first accident that occurred at the bridge since April 9, 1929.

Aimee Finances Will Be Probed

LOS ANGELES, Feb. 25.—(UP)—An investigation of the financial dealings of Aimee Semple McPherson at her Angelus Temple will be one of the first and most important to be made by the 1930 Los Angeles County grand jury, Deputy District Attorney Daniel Beecher said today.

Beecher and Robert Armstrong, investigator and accountant, went before the grand jury today to sketch the progress of the inquiry so far, Beecher said. Preliminary organization of the jury is still under way and no definite progress in the McPherson matter can be started before next week.

YESTERDAY IN CONGRESS
SENATE—Hoover economy policy attacked and defended by leaders. Leaders announced they would pass further appropriations for farm board if needed in present wheat crisis. Continued tariff debate, disposing of textile schedules, and part of sundries schedule. Continued lobby investigation. Interstate commerce committee resumed inquiry into power commission. HOUSE—Wet forces announced expect to end their case against federal prohibition before judiciary committee Thursday. Banking committee began investigation of branch and chain banking. Interstate commerce committee considered bill to regulate motor bus lines.

TWO WOMEN IN GOVERNOR CONTEST

SAN FRANCISCO, Feb. 25.—UP—Two women stepped forward dramatically here today and added fuel to speculation on gubernatorial campaigns that will be waged in California this year.

"I am looking right up at Gov. Young's chair where I'll be sitting, and all you women will be gathered around singing halloo-hallo," Mrs. Clara Shortridge Foltz member of a prominent political family, remarked to friends at the Sir Francis Drake hotel.

Almost simultaneously Mrs. Rosalie Rooney announced a petition will be started Wednesday to have a "wet party" listed on the ballots. Representatives of the National Constitutional Liberty league of America will seek the signatures of 2,250 voters to make this possible.

Sister Of Solon
Mrs. Foltz, who commented that Senator Samuel Shortridge "happens to be, and has the honor to be my brother," told the United Press she was returning to Los Angeles tonight for last conferences with her family and friends before deciding definitely to file

COURT BANS MIXED RACE MARRIAGES

LOS ANGELES, Feb. 25.—(UP)—Unless the question is carried to a higher court with a resultant reversal of opinion, there will be no further marriages between Filipinos and members of the white race in Los Angeles county.

Superior Judge J. A. Smith today granted a writ of prohibition against L. E. Lampton, county clerk, forbidding the issuance of a marriage license to Tony V. Moreno, 24, and Ruby Robinson, 22, white.

Judge Smith ruled that the Filipino is of the yellow or Mongolian race.

"There are only three main races of people," the court said. "These are the white, the yellow and the black. I hold that a Filipino is of the yellow or Mongolian race."

His ruling was in direct contradiction of a decision by the county counsel in 1921, which held that a Filipino is of neither the yellow nor the black race. Since 1921 the license bureau had been issuing licenses for marriage of Filipinos and whites upon submission of affidavits that he or she was not of either the Mongolian race or the black.

Since 1921 there have been approximately 350 marriages of white girls to Filipinos in Los Angeles county. It was not thought they would be affected. Mrs. Stella F. Robinson, mother of Ruby Robinson, asked the writ of prohibition against her daughter's marriage to Moreno.

Habeas Corpus Bride Quits

LOS ANGELES, Feb. 25.—UP—The 20-year old bride that Guillermo Perez won through the aid of a writ of habeas corpus sued today for annulment of their marriage.

The former Alicia Moreno charged that Perez obtained her consent to marry by force.

Only a month ago Perez told his lawyer that the girl's parents were keeping her locked at home so she could not marry him. The lawyer obtained a writ of habeas corpus and the girl was brought into court, where she married Perez after he borrowed a tie and a coat from his attorney. Thirteen days later she left him.

Scores Action Of D. Of A. R.

DR. VALERIA PARKER has resigned from the Daughters of the American Revolution declaring that their policies are "misguided."

The lawyer obtained a writ of habeas corpus and the girl was brought into court, where she married Perez after he borrowed a tie and a coat from his attorney. Thirteen days later she left him.

Waditaka Girls Plan Swim Party
A swimming party to be held Sunday morning at 10 o'clock at the Richmond municipal natatorium was planned by the Waditaka group of Campfire Girls. The girls will return to the parish hall after the party and will enjoy a luncheon.

Plans for the event were made yesterday at a meeting of the group in the First Presbyterian parish hall. Among those present were Betty Tyoto, Ruth McElroy, Harriet Pedretti, Bertha Pedretti, Virginia Tate, Phyllis Hailey, Charlotte Valentine, Pauline Lund Mary Biemel and Mrs. J. de Santis, end.

HEAVY GUARD FOR SENATE CHAMBERS

WASHINGTON, Feb. 25.—(UP)—A new squad of Senate plain clothesmen has been gunshoeing around the Senate wing of the capitol and all but one of the entrances have been locked because of a bomb scare and fears of Senators that they were being followed by prohibition agents.

The story of the double espionage was told today by Republican floor leader James E. Watson, who announced he had made an exhaustive investigation and had come to the conclusion the fears of Senators were without foundation.

Three Senators received letters advising them it would be well for them to remain out of the Senate chamber for a few weeks. Two Senators found their offices ransacked and papers misplaced. Several other Senators received private information that day scouts were following them around to see if they observed the prohibition laws.

Precautions Ordered
Watson revealed, in confirming an exclusive United Press dispatch of today, that he directed the capitol police to take extreme precautions and started an investigation of his own. His office attaches were so aroused that unknown to Watson they established a plain clothes guard outside of his office, a first for a Senate chamber.

"The matter reached such a stage that suggestion was made that we at two buckets of water in the Senate chamber to drop the bombs in if they were hurled from the galleries," Watson said.

The leader was inclined to believe that if there had been any spying on Senators by prohibition agents, it has ceased. These reports had their origin in the capitol, "the man in the green hat," charged with being a senatorial boot-licker. He was captured outside the Senate office building by prohibition agents.

Others Complain
About the same time, Senator Borah, Rep., Idaho, and Senator Wheeler, Dem., Mont., complained that their offices in the Senate office building were being watched. Attorney General Mitchell then announced his agents were not a party to any such procedure which he characterized as "unthinkable."

The precautions invoked by the Senate leaders were far beyond those of war times. Only one entrance in the Senate wing was open to the public and a Senate detective was placed on duty there with a uniformed patrolman to follow all suspicious characters entering the building.

Watson said he could offer no explanation for the unusual warnings to Senators to remain out of the chamber. He said he thought the unemployment situation might have something to do with them.

Despite Watson's assurance that the scare is now over, many Senators have not relaxed their vigilance in looking behind them when they move about the capitol.

KIWANIS WILL HEAR OFFICER

Maj. W. F. Winton, U. S. A., D. O. L., will tell members of the Richmond Kiwanis club today of the South American boundary disputes.

Major Winton will be a special guest of the local club at its meeting in the Hotel Carquinez. The speaker was formerly military attaché to Peru and at the present time he is senior instructor for the 143rd regiment of field artillery, California National Guard.

Major Winton was sent to Peru as an attaché and was also accredited to Bolivia. He made a close study of the boundary dispute between Bolivia and Paraguay. The speaker served as a major in the army during the world war and saw service in France. He was decorated by the government of Peru.

CAPITAL VISITORS
Mr. and Mrs. A. J. Purser, H. C. Christian and J. Webb were visitors in Sacramento over the week-end.

"Well, reely I cant anser that with-
out seeing my lawyer. After all,
actriss is entitull'd to her privet lif.
But you have all bean verry nise &
now I must retre."

Society and Club News

MEMBER DRIVE OF RICHMOND EAGLES SUCCESS

With 18 candidates initiated by Richmond Aerie of Eagles last night, and another large group awaiting initiation, the membership drive of the aerie is progressing nicely, according to officers of the lodge.

At the meeting which was held in the Woodmen hall a report was made on the drum corp, organized by the aerie. It is expected that it will soon have progressed far enough to hold parades in Richmond.

William McChristian and John Feudner, local Eagles made a report last night on a trip to Sacramento Saturday night. They stated that more than 2000 members of the Eagle organization were in attendance and 253 candidates were initiated.

Mr. and Mrs. Corr Entertain For New York Guests

Mr. and Mrs. M. J. Corr, 337 East Richmond avenue, entertained in honor of Miss Mary Moran and Mrs. G. McTernan of New York who are house guests of Mr. and Mrs. Frank Clark of Eighth street.

Among those present at the dinner were Mr. and Mrs. A. Heyman, Lucile Heyman, Mr. and Mrs. Frank Clark, Miss Morgan, Mrs. G. McTernan and Chris, Eugene and Mary Corr.

Mrs. Danner And Son Home Soon

Mrs. Phillip Danner and her son Lee Norton, are expected home Saturday from the Alameda sanatorium where the boy was born Feb. 17.

A program was given after a short business meeting of the T. F. B. in the Musicians hall last night.

The program was as follows: March—Mrs. Edith Overman's orchestra; reading—Mrs. William McAlister; recitation—Mary Moyle vocal duet—Gloria Rasmussen and Arthur Overman; garden dance—Baby Haysey; harp solo—C. Rothrock and a whistling solo by George Williams.

Longfellow P. T. A. Has Whist Party

The Longfellow P. T. A. members were entertained yesterday at a whist party at the home of Mrs. R. M. Fahrnholtz, 2400 Gaynor avenue.

The event was attended by a large crowd, and prizes were won by Mrs. Dunning, Mrs. B. Pedrotti, Mrs. J. Bonham, Mrs. Fahrnholtz, Mrs. Bowles, Mrs. Donnelly, Mrs. Gately and Mrs. Mierling.

Club Committee Plans Convention

Plans for the convention of Federated Clubwomen to be held here in April were discussed at a committee meeting in the Richmond clubhouse yesterday.

Delegates were present from the Club Mendocino, the Richmond club, South Richmond Improvement club and the Civic Center club.

Mrs. Mattie Chandler presided.

Claire Kolar Has Party

Miss Claire Kolar, of Bissell avenue entertained at a surprise party in her home recently.

Among the little guests were: Maxine Pence, Dorothy May Donovan, Llewella Evans, Peggy Shackelford, Daisy Evans, Billy Ross, Bobbie Ciesek, Warren Wood, Berdita Gann, Norman Nelson, Junior Craven and Claire and Alice Kolar.

MANY ATTEND 1st CHRISTIAN TURKEY DINNER

Turkey and all the "fixins" were last night served to more than 150 persons by the Organized Women of the First Christian church in the church parlors.

More than 100 reservations were made for the dinner, and despite the inclement weather many more attended to take advantage of the sumptuous feast.

Everything was delightfully prepared by Mrs. E. D. Maxwell and an able committee, and was served by a committee headed by Mrs. E. M. Pearson.

Mrs. W. F. Downing, head of the reception committee was in charge of the dinner and announced that it proved highly successful.

During the meal, the diners were entertained by music from a radio loaned the group by Schrader's Furniture store.

The tables were beautifully decorated with red crepe paper, red carnations and red paper favors.

Those in charge of preparing the dinner were benefited considerably by the enlargement of the kitchen, which was done under the supervision of Mrs. Bernice McCormick.

Through the medium of the RECORD-HERALD, Mrs. Downing, president of the club, who also acted as hostess and general chairman of the affair, wishes to thank her committees for their work and the public for its attendance.

Although it has not been figured exactly, the women believe they cleared at least \$60 with the dinner.

A meeting of the organization will be held in the church tomorrow afternoon at 2 o'clock when the final report on the dinner will be given.

S. F. Speaker For Mission Group

V. V. Lucero of San Francisco will be the speaker at the session of the Macdonald Missionary society tomorrow at the First Presbyterian church. He will be accompanied by his wife who will sing a number of Spanish songs.

The business meeting of the society will open at 11:30 and will be followed by a luncheon and program.

Local Stars To Attend S. F. Meet

Mrs. Emma Plummer Chadwick, most worthy grand matron of the Eastern Star will arrive in San Francisco tomorrow and will be a guest of the Harmony chapter in that city at the Golden Gate commandery hall. A number of local members of the Eastern Star plan to attend the meeting.

Mr. and Mrs. A. J. Timmons, of McLaughlin avenue, celebrated their fortieth wedding anniversary with a family reunion and bridge dinner recently.

Among those present were: Mr. and Mrs. E. J. Timmons, of Los Angeles; Mr. and Mrs. E. A. Butler, of Vallejo; Mrs. G. Foote, of Long Beach; Mrs. R. S. Poplin, of Plimora; A. R. Timmons, of Richmond; E. F. Marchant of New York; Mr. and Mrs. W. T. Timmons and daughter, Grace; Mr. and Mrs. Charles Conannon, Mr. and Mrs. B. D. Bates, Marjorie Butler, Edward Butler and Frances Butler.

Mrs. Lewis Back From Turlock

Mrs. Marcus Lewis, 1416 Nevins avenue has returned from Turlock where she visited on the Phillip Rutherford ranch.

Local People Visit Capital

Councilman and Mrs. George F. Imbach and Mr. and Mrs. John F. Causen were guests of Mr. and Mrs. Lelan Johnson in Sacramento recently.

Mooseheart Legion Plans Business Meet

Women of the Mooseheart Legion will hold a business meeting in the Moose hall tonight, under the direction of Mrs. Clare Barry, senior regent.

Mrs. Barry announced that all officers of the lodge are requested to wear their white uniforms at the meeting, and all members are requested to be present.

AUXILIARY TO LEGION ENJOYS PROGRAM MEET

Following a business meeting of the American Legion auxiliary in Memorial hall last night, a delightful musical program was presented.

Under the supervision of Mrs. Clare Barry, refreshments were served at the conclusion of the program.

HO'DORE! 25 TIMES

RURAL VALLEY, Pa.—The Rev. Charles Fayette Irwin, chaplain, A. E. F., and at present vice-chairman of the Armstrong county committee of the American Legion here, has held 25 offices of honor in the Legion, from post chaplain and adjutant, to publicity and child welfare chairman.

FRENCH STAR IN FILM HERE

Put on your asbestos rimmed eye glasses when you take a peek at some of the more scorching scenes in Raoul Walsh's successor to "The Cock Eyed World" namely "Hot For Paris," which, as you probably know, is the further adventures of the erstwhile Capt. Flagg Victor McLaglen, and is now at the Fox-California theater.

Assisted ably by the talented comedienne, Fifi Dorsay and Polly Moran, with El Brendel of the Swedish accent, McLaglen makes "Hot For Paris" as thoroughly enjoyable as its predecessor. What was French humor in the past is now flavored with salt spray, but marines and sailors talk the same language and have the same amorous pursuits. But whether the fun be earthy or salty the result is solid entertainment.

Consider the primary situation: McLaglen and Brendel, are sailing the bounding billows, headed for Havre, a port with many piquant, if somewhat flamboyant, memories for the pair. Indeed, they suspect the gendarmes would very much like to lock them at the city's expense. Meanwhile McLaglen on several occasions is about to lose or destroy a ticket he purchased sometime previous on the Calcutta Sweepstakes. Brendel's Swedish thrift alone saves it from destruction. And, strangely enough, it's the winning ticket.

At Havre the boys are to be notified of their good luck but never quite manage to "get the breaks" as they suspect the race official is a detective. In fact from there on they keep running away from fortune. Fifi shelters them from their pursuer and sets off a romance which is crammed with hilarity.

On the same bill is a Clark and McCullough comedy, "Hired and Fired."

LEGION NAMES AMERICANISM DIRECTOR

INDIANAPOLIS, Ind., Feb. 25.—One of the first official activities which Russell Cook, who has been appointed director of the National Americanism commission of the American Legion will take up when he assumes his new duties, March 1, will be to confer with William J. Cooper, U. S. Commissioner of Education, in Washington, D. C. to map out a campaign of close cooperation between the Legion and the government in wiping out illiteracy. This is a subject in which Cook is deeply interested. Another activity to receive early and vigorous attention will be to keep interest alive in the C. M. T. C. enrollments this spring.

Cook's appointment by National Commander O. L. Bodenhamer fills the place to be made vacant by Dan Sowers who resigned last November, but who will continue the work until the appointment can be effective. Sowers will accompany the new director on the visit to Commissioner Cooper. With the appointment of Cook, J. F. Barton, national adjutant, also announced that Charles M. Wilson has assumed the duties of assistant national director of Americanism.

Cook was born in Boswell Aug. 17, 1895. He is married. He has just resigned as athletic director of Central Normal college in Danville, Ind., to accept the Legion appointment, and has been in the work of athletic director and teacher of athletics for eight years. Among organizations and clubs of which he is a member are: Lions, Danville Country Club, Greenacres, Phi Gamma Delta fraternity; 32nd degree Mason and Shrine. He is a past commander of Hendricks county Post 118 of the Legion in Danville.

Cook had charge of the junior baseball activities of the Legion for National Headquarters in the Sixth Regional tournament held in Shreveport, La., last summer. In the World War he enlisted in the aviation section of the navy, being detailed as an instructor in the Aviation School for two years. For six months he was director of physical culture of the Fifteenth regiment.

Assistant National Director Wilson is from Altamont, Ill., where he was born in 1899. He has had long experience in American Legion work, having been post adjutant one year, post commander one year, and connected with the administrative division at National Headquarters. He attended the national convention of the Legion in New Orleans in 1922 as a district delegate from Illinois.

Wilson was wounded in action Nov. 10, 1918, one day before the Armistice. He enlisted as a private in Co. H, 130th Infantry, on June 3, 1917. He holds a commission as second lieutenant in the Organized Reserves.

M. E. CHURCH LEADERS AID IN DRIVE

Methodist church leaders of national prominence from many parts of the country will be in the forefront of the 10-day campaign to recruit new men for Methodist church work, according to announcement by Percy F. Morris of Berkeley, president of the Laymen's Conference association, and general chairman of the arrangements committee.

Leading the delegation will be Charles Wesley Burns, resident bishop, former pastor in Minneapolis, now one of the best known church workers in America.

"Dr. Burns will emphasize the many qualities now existing in Methodist church work, an analysis of which shows that the church has more women than men members and that the bulk of activity is now carried on by women. He will present arguments to show that more of this work should be assumed by men and that there is a broadening field of interest for men in the many departments of the church."

A message from the California State Church Federation will be brought by Fred D. Parr, president.

Other outstanding figures at the meeting will be Signor Mario Cappelli, Italian-American tenor; Lorenzo H. King, negro orator and editor; Wm. S. Boward of Chicago; Corlis P. Hargraves of Chicago; Bert Edward Smith of Chicago, general secretary of men's work at the Methodist church; Oliver H. Langdon of San Francisco and Morris.

Morris is president of the Conference association; Will P. Ralph of Berkeley is recording secretary; Esther J. Hedgeson of San Francisco corresponding secretary and Frank L. Fellers of Sebastopol, treasurer.

District presidents of the California conference include Arthur E. Lasher of Reno; F. N. Kornhaus of Oakland; Howard M. Boys of Mill Valley; J. E. Lundy of Stockton and J. Lloyd Logsdon of San Francisco.

Meetings are to be as follows: Feb. 26, Oakland; Feb. 27, Petaluma; Feb. 28, San Francisco; March 2, San Francisco; March 3, Red Bluff.

Scotch Group Meet Tonight

Members of the St. Andrews society of Richmond and district will gather at their regular monthly business meeting tonight at the Richmond clubhouse.

The report of the committee in charge of the Ayshire Night to be held at the next social evening will be given at tonight's business meeting. The committee is headed by W. J. Macdonald.

President Peter MacCallum will preside at tonight's meeting.

School Funds For City Apportioned

Apportionment of state school funds was announced yesterday by William H. Hanlon, county superintendent of schools. The following amounts will be received by schools in Richmond and vicinity: Richmond union high school, \$34,205.04; Richmond elementary schools, \$21,110.80; San Pablo school, \$1909.46; Pinole school, \$1085.19; El Sobrante (Giant) \$71.16.

Will Return To S. P. C. A.

IRENE CASTLE McLAUGHLIN who resigned from the Chicago Humane Education society recently has fixed her differences with society leaders and will return to the group, it was stated.

E. A. Reedy On Clark Staff

E. A. Reedy, of Oakland, has joined the sales force of the Claude E. Clark company at 715 Macdonald avenue.

Reedy declares that Richmond is a fine city and has a wonderful future. He declared that he is glad to identify himself in the building of the city.

Reedy has been in the real estate business for three years.

Burglar Takes Fountain Pen

Theft of a fountain pen, a signet ring and a wrist watch from the room of Harold Larson, 315 Nevins avenue, was reported to police today. It is believed the thief entered the room by means of a pass key.

MORE PENSIONS FOR VETERANS URGED

KANSAS CITY, Mo., Feb. 25.—"A pension for America's disabled veterans not entitled to compensation under present regulations is the only logical solution to the veteran relief problem that faces congress and President Hoover," declared Heneckah N. Duff, national commander of the Veterans of Foreign Wars of the U. S., in a statement released from national headquarters here today.

"We have been contending with piece-meal legislation ever since the government undertook the task of administering relief," Duff charged, "but the results have never been satisfactory and they won't be until congress takes sweeping action in a definite direction."

"Pending and proposed amendments to the present world war veterans act, however far-reaching in effect, afford no permanent solution for the disabled veteran relief problem."

Urges Pensions
"An attempt to broaden the powers of the U. S. Veterans Bureau in administering relief will by no means help the thousands of disabled veterans who are unable to furnish technical proof of a distinct and definite service connection for their disabilities," Commander-in-Chief Duff added.

"The present trend in disabled veteran legislation threatens an endless drain on the nation's coffers and as long as the government fails to establish a definite goal and a determined policy," Duff predicted, "this condition will continue."

"For three years this organization has advocated a service pension for all disabled veterans and their widows and orphans of deceased veterans, in cases where a service connection has been proven by the veteran of compensation under the world war veterans act," the V. F. W. chief pointed out.

Bill Passes
"Congressman Swick of Pennsylvania has introduced the V. F. W. bill known as H. R. 9146, before the present session of the 71st congress with the assurance of General F. T. Hines, director of the U. S. Veterans Bureau, in his recent testimony before the committee on veteran affairs in the House that the 'time is now ripe for a service pension'."

"Our organization stands solidly behind this measure. We are asking each individual post of the V. F. W. as well as all patriotic citizens, to contact their representatives in congress in support of this bill, with the expressed hope that the present session will see fit to give every disabled ex-service man of the world war a pension in accordance with his disability."

"Established precedent proves the V. F. W. proposed service pension bill is sound both in theory and practice, economically and administratively," the vets' leader summed up. "With one sweep congress can once for all bring order out of chaos in handling the disabled veteran problem, which instead of becoming simplified as the years pass is growing more serious and complicated each day under existing policies."

PAINFUL CORNS

Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stickle) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" extracts the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.

You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or perspiring feet. "Corn Fly" for corns, 35c. "Corn Fly Foot Bath Powder" 25c. and "Corn Fly Bunion Remedy" 50c. (all three—\$1.10 value—for \$1.00), are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.

HEROISM OF U. S. ENVOY TO SANTO DOMINGO DELAYS WAR

(Continued From Page 1)

captured Santiago de los Caballeros and the fortress at Monte Cristi, in the north, and were marching on Santo Domingo.

Curtis, a New Yorker, appointed minister last December after 20 years diplomatic service, had been here only a month but met the crisis cool headedly, and by night and day labored to aid in restoring confidence here. He sent Cabot to Santiago de los Caballeros, center of the revolt, to find out what the insurrectionists wanted with a view to reconciling the factions.

Enroute to his destination in a coupe, Cabot arranged with the opposing forces confronting each other to delay fighting. He then traversed lonely mountain regions, broken only by occasional tobacco coffee and banana plantations and palmetto groves, without counting the danger from possible snipers. His exploit is undoubtedly among the most brilliant in American diplomatic records.

Envoy Returns
He reached Santiago de los Caballeros, a distance of 109 miles, in safety. Finding the telegraph wires cut he radioed he had consulted the leaders and would start out on his return trip today.

The tenseness here abated when Minister Curtis announced that Cabot was coming back. While the young secretary had been bouncing over the hills thru the rebel zone, Curtis had a situation of his own to meet. President and Senora Vasquez asked permission to stay at the American legation. Curtis denied asylum to the president, who was forced to take refuge overnight in a nearby hotel, but granted it to Senora Vasquez because she was an elderly lady and greatly worried.

The president and vice president conferred today with Curtis, and later 3000 civilians friendly to Vasquez surrounded the presidential mansion to pledge their support. American lives and property were not believed menaced by the rebel activities. It was estimated there are about 500 Americans in this island republic, not more than 150 of whom are in the vicinity of Santo Domingo. None has asked the assistance of the U. S. legation.

Large American plantations in the vicinity of San Pedro de Macoris and Puerto Plata in the northern part of the country were not molested.

ICE RINK BUILT
GRAND ISLAND, Neb.—Construction of an ice skating rink on the baseball diamond of the local ball park was recently completed by the Grand Island post of the American Legion. The project was financed by the post and is free to the public.

U. C. FOOTBALL BRINGS IN PROFIT

BERKELEY, Feb. 25.—For the Associated Students of the University of California, the fall season of 1929 was one of the greatest periods, in a financial sense, in the history of the association, according to a financial report for the half year released for publication today by W. W. Monahan, graduate manager.

The statement shows a net gain of \$318,087.02 for all student activities conducted by the association, as compared to \$286,665.15 for the fall of 1928—an increase of \$31,421.87 for last fall. Due to the fact that receipts from football carry 14 other sports which operated at a loss, the extensive current program of spring sports is expected to cut into this gain heavily before the fiscal year closes on May 31, Monahan explained today. The net gain for the year 1929-30 will approximate \$100,000.00 he said.

Improvements Planned
Immediate use will be made of these profits in retiring obligations amounting approximately to \$1,225,000 for the purchase and improvement of land in the so-called southwest area, a share in a new men's gymnasium and half of the cost of the Eshleman Memorial Publications building.

Football alone among the 15 major and minor sports conducted by the university showed a profit, funds from this sport being applied to losses incurred by athletics generally, the report shows. The great fall sport brought in a net gain of \$411,079.25. During the fall of 1928 the net gain for football was less by \$36,459.07, or \$374,620.18.

The net gain for the half year brought in by football includes, however, a "paper profit" of approximately \$100,000 in California Memorial stadium script redeemed just prior to the California-Stanford "big game," Monahan explained today.

Loss Shown
Losses incurred in 14 other sports bring the net gain for athletes to \$331,029.15, as compared to the 1928 figure of \$301,506.05. Last fall the ASUC lost \$80,050 on sports other than football. The cost of administration of all athletics and the maintenance for three practice and playing fields are included in this figure, the report indicates.

Added to the gain for athletics are gains aggregating \$25,741.68 derived from student publications, the ASUC cafeteria in Stephens Union, and the student stores at Berkeley and Davis which bring the total gain to \$556,779.83. This gain, however, is more than offset by losses amounting to \$38,682.81 in general student body expense, dramatics, miscellaneous activities, welfare work and the Women's Athletic association, reducing the net gain to \$318,078.02.

The commitment of the ASUC to the regents of the university for land and improvements in the southwest area amounts to \$1,182,875.50. Added to this commitment is a \$200,000 contribution for a new men's gymnasium, and a pledge of \$125,000, matching a like appropriation by the California state legislature, for the John M. Eshleman Memorial Publications building, which brings the total ASUC commitment to \$1,487,875.50. Of this amount, \$263,862.46 has been paid to date in a number of installments, leaving \$1,224,013.04 to be financed over a ten-year period. The method of financing is still under consideration Monahan said.

The development of the southwest area, as far as the Associated Students are concerned, includes the addition of a track and field and stadium seating approximately 25,000 persons; a baseball diamond and football practice field, and a share in proposed university tennis courts.

MANY PARTS IN CAR
There are approximately 2500 parts in the average car, reports the California State Automobile association.

Chicago Police Demoted After Hospital Fight

CHICAGO, Feb. 25.—UP—Reverberations from last night's gun battle in the German Deaconess hospital where Frank McFarlane, notorious south side gunman, routed three would-be assassins after an exchange of 40 shots, were felt tonight in the police department.

Deputy Commissioner John Stege who personally took charge of the investigation, summarily demoted Police Sgt. John Meardie and his entire squad of detectives, sending them back to walking a beat, because they failed to identify the gangster before the shooting.

Stege said he also was trying to find how McFarlane who registered as Miller, was able to keep two revolvers at his bedside in the hospital, where he had been for almost a month with a leg broken by gunshot.

The deputy commissioner announced that police were certain that refusal of McFarlane to pay \$5000 for a shipment of liquor caused the attempted assassination. This was learned, he said, through tapped wires.

Miss Scherruble To Sing Over Radio

Miss Muriel Scherruble of Richmond has been asked to sing over KIX in Oakland every Tuesday night. She will be heard between 9 and 10 o'clock.

Alstrom Will Preside For El Cerrito Trial

In place of Police Judge J. F. Plank of El Cerrito, Justice of the Peace A. A. Alstrom will preside in El Cerrito court tomorrow morning.

J. E. Healy of El Cerrito, arrested on a complaint of reckless driving, sworn out by Clarence A. Fitz of Richmond, will be tried at this time. Fitz alleges that careless driving on the part of Healy, resulted in a collision at Blake street and San Pablo avenue some time ago.

Realtors Meet At Yosemite

The board of directors and executive council of the California Real Estate association will meet in regular session in Yosemite valley on May 2 and 3. Headquarters will be at the Ahwahnee hotel. The executive council will meet on Friday evening and the board of directors will be in session all day Saturday. Special entertainment in the form of a barbecue by the river, the famed "fire fall," dancing, sightseeing, and other amusement, will be provided for the Realtors.

Two Births Recorded Here

Two births were recorded yesterday with the Richmond City

Local Men To Attend Scout Council Meet

Aubrey Wilson and Willard Poage of Richmond will attend a meeting of the executive board of the Contra Costa Scout council tonight at Martinez. The meeting will be held in the court room of Judge A. B. McKenzie.

Lions Told Of Lumber Business

Rube Smith, secretary of the Redwood Manufacturers' association spoke on the redwood lumber business before a meeting of the Richmond Lions club in the Hotel Carquinez yesterday.

Smith claimed that with replanting going on now, when the present supply gives out in a hundred years, there will be plenty of redwood forests to take its place.

Carl Overaa was chairman of the day and music was furnished by the club orchestra. Dr. George Boehmer, secretary of the Boy Scout committee gave an account of the recent trip made by members of the Lions club troop, in the snow country.

Health department. They are: Genevieve Hubbard, born Feb. 19, to the wife of J. E. Hubbard, and Petra Uribe, born Feb. 22, to the wife of Francisco Uribe.

Y. M. D. TO GIVE OWN PROGRAM

Entertainment at tonight's meeting of the Y. M. D. will be furnished by the members of the organization themselves.

George Baldwin and William Fowler are scheduled to speak on selected topics. Read Bullock will then criticize the speeches of the young orators. A vocal solo will be presented by Clarence Brown, tenor.

Clayton D'Arcy, member of the Richmond Y. M. D., is expected to be present to tell of his experiences at the Y. M. C. A. Workers' convention held at San Pedro last week-end. D'Arcy was elected president of the Y. M. C. A. Railroad Workers' organization.

Richmond Man Held Insane

MARTINEZ, Feb. 25.—Vincent J. Holzen, 23, of Richmond, who attempted suicide twice recently was today adjudged insane by Superior Judge H. V. Alvarado, who committed him to the state hospital at Stockton.

The automotive industry uses about 14.6 percent of all of the copper produced in the United States, according to the California State Automobile association.

Warm guests--

when there is heat at a finger's touch

Cheap natural gas brings the luxury of automatic, care-free heating to every home. A thermostat or a push-button regulates the temperature. No trips to the basement on cold mornings. No bother about starting a fire when friends come—a finger's touch gives you instant heat. And any healthful temperature is maintained throughout your home.

With clean natural gas, the curtains, wall-paper and furniture retain their fresh cleanliness. There is no smoke or soot about your property.

Even though you have no basement, there are fine types of gas-fired equipment for your home.

Natural gas contains twice as much heat as the former manufactured gas. Natural gas is a much cheaper fuel. It is the easiest fuel to control and is absolutely safe when burned in modern appliances, correctly installed.

For full details about heating equipment that burns the cheap natural gas, see a heating contractor or phone or call at our office.

ROOSEVELT 5'S WIN SCHOOL TITLE

The Roosevelt Junior high school cagers captured the inter junior high school loop title by defeating the Longfellow Junior high school quintets in four games yesterday in the second card of the series.

Roosevelt's varsity narrowly defeated the Poets by a score of 11 to 9, while the 115 pound Teddies won by a score of 19 to 3.

The Roosevelt 105 pounders defeated Longfellow 9 to 7. The 95 pound Longfellow athletes lost by a score of 8 to 4.

Varsity Wins
The Roosevelt varsity aggregation only captured their contest by a single basket gained in the final minute of play. The varsity Poets showed a great improvement over their playing standard in the first game of the inter-school league.

The 115 pound Roosevelt five completely outplayed the Longfellow quintet, and maintained a large lead throughout the one-sided contest.

The 105 pound battle was exceptionally similar to the heavy-weight game. Both teams played fast, hard basketball, and the contest belonged to anybody until the final minute of play.

The 95 pound melee was free of much scoring, for the action took place in midfloor during almost the entire contest. The defenses of both teams was working to perfection.

Four Win
Yesterday was the second occasion on which the Roosevelt cagers captured four games straight from the Longfellow athletes.

Competition will now start between the two local junior high schools in baseball, tennis and swimming.

Varsity Game
Roosevelt Varsity (11)—Santaela, Moltoza, 4, forwards; Shinnick 2, center; Garcia, 4, Stokes, guards; substitute, Jester 1, center.

Longfellow Varsity (9)—White 2, Topas 2, forwards; Toia, center; McFee, Klobas, 5, guards; substitutes, Jelsick, guard.

115 Pound Contest

Roosevelt 115 Pounders (19)—Rusch, 6, McMullen, 4, forwards; Alexander 6, center; Faust, Crocker, guards; substitutes, Toyota, Picton 3, forwards; R. Robertson, center; Pressman, guard.

Longfellow 115 Pounders (3)—Mayeda, Barbatti, forwards; Rubick, 2, center; Scott, 1, Babich, guards.

Bear Quintet Leads Scorers

BERKELEY, Feb. 25.—It took a full schedule of 17 games for the University of California basketball team to come out ahead in season scoring this year. The Bears, after the second game of the Stanford series—their sixteenth contest—had scored exactly 470 points to opponents 470. A 41 to 25 victory over Stanford gave them a season total of 511 points to opponents 495.

In taking second place in the southern division of the Pacific Coast conference, the California five scored 276 points against 244 for conference opponents.

Y Cagers To Play In Title Game Saturday

Four Richmond Y. M. C. A. cager teams will compete in the finals of the state Y. M. C. A. Californiad basketball tournament at Kezar stadium Saturday afternoon.

The local teams that will compete are the Y. M. D., unlimiteds, 120 pounders and 80 pounders.

All four Richmond teams have won through the Californiad thus far undefeated as one loss meant elimination.

The title of the Eastbay division of the Californiad went to the Richmond Y. M. C. A. unlimited cagers Monday night when they defeated San Jose 25 to 23.

The teams that Richmond will meet Saturday have not yet been announced.

The only Richmond Y. M. C. A. team that has been eliminated from the tournament is the 90 pound quintet.

The members of the local Y. M. C. A. are now preparing to enter into competition in other fields.

The representatives of the Richmond Boys' Hi-Y in the Californiad debating competition will be chosen March 4 at the Y. M. C. A. building.

The athletes who represented Richmond at San Jose Monday night were: Al Lindstedt, Merle Baskett, Carl Drexler, Ugo Boschetti, George Miller, Ernest Johnson and Iver Pimm.

U. C. Puckmen Play Tonight

BERKELEY, Feb. 25.—Bent upon retrieving a previous defeat, the University of California ice hockey team will meet U. S. I. V. sextet Wednesday evening at ice land, San Francisco, in a return match. The meeting is scheduled for 8 o'clock.

The Bears dropped the initial game about three weeks ago 6 to 0. Valuable experience gained in games at Yosemite valley and in these against the Olympic Club at the San Francisco rink may stand them in good stead against the San Francisco club.

The California lineup will probably include the six regular starters: Doug's Morrison, goalie; Fred Taber and George Watkins, defense; Captain Jack Fingland, center; and Herbert Ellis and Donald Murphy, forwards.

U. C. Track Star Back For Season

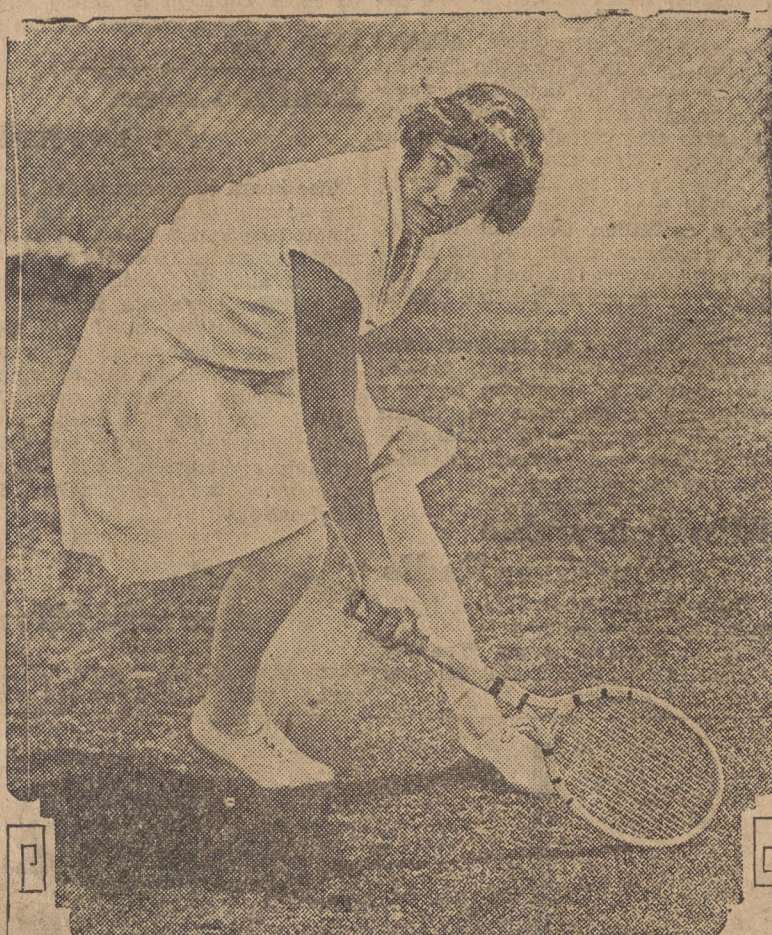

BERKELEY, Feb. 25.—After serving the University of California varsity track team as captain last season, Emory Curtice, javelin thrower, is back for another year of competition in his favorite event. Curtice will compete under the leadership of Capt. Al Pogolotti, crack hurdler.

Christie Named On A. A. U. Group

BERKELEY, Feb. 25.—The appointment of Walter Christie, veteran track coach of the University of California, to two committees of the A. A. U. was announced today at the Berkeley institution after Christie had accepted the invitation of Avery Brundage, president of the association.

Christie will serve as a member of the track and field committee and the committee on "code ball," a new variant on football now under consideration.

Another Helen

HELEN JACOBS, who has appeared in exhibition play in Richmond many times, is training for the coming season.

CAGE SEASON WILL CLOSE TONIGHT

The last card of the Richmond basketball season will be played tonight when the Garfinkle All-Stars tangle with the E. F. Hutton stock and broker's quintet at the Richmond Union high school gymnasium.

The sensational Richmond Y. L. I. team will clash with the Spartan girl cagers of Petaluma tonight at 8 o'clock. The Richmond 145 pound all stars will afford opposition to a group of athletes from Richmond Union high school at 7 o'clock. The main event will start at nine o'clock.

The Hutton boys gained the title of this year's Oakland Industrial hoop league, and were only defeated by a four point margin by the Garfinkle All-Stars in a previous game. Tonight's clash, therefore, ought to dish up some flashy playing for the local fans.

The Petaluma Spartan girls and the Richmond Y. L. I. team make one of the best combinations that could have been arranged by the local cage directors. The careers of both teams in their respective districts have been exceptionally similar, each team possessing a clean slate. The two teams in tonight's contest both defeated the Oleum girls by approximately the same score in earlier games played at the Richmond Union high school gymnasium.

The Richmond 145 pound All-Stars have dropped only one contest in their post season competition, and their speed makes them always a drawing card. There are many budding cage stars among the athletes at Richmond Union high school, and the picked high school boys in tonight's game are expected to give 145 pounders something to think about.

Local Elks To Enter Tourney

Richmond and Berkeley Elks will compete in the annual Inter-city Elks' golf tournament to be held Saturday afternoon on the Carmichael links. Fifty-four local Elks will take part in the golf meet.

Trophies for the tournament are being shown in the window of W. J. Richards' realty office. The prizes displayed are a silver cake plate, silver cigar lighter, silver candy tray, silver salt and pepper containers and two silver flacons.

The prizes will be offered for low net and low gross scores on both teams. The contestant holding net score will be given first choice of the prizes.

Fred Sanchez New Bear Tennis Coach

BERKELEY, Feb. 25.—Fred Sanchez, former member of the University of Michigan varsity tennis team, has been appointed assistant tennis coach in charge of freshmen tennis at the University of California. Sanchez is a member of the Spanish Department of the University, and divided his time between classroom and outdoor instruction.

Junior Rifle Club Will Meet Tonight

An important business meeting dance.

Part Time School Cagers To Play

The quintets of the Richmond and Martinez part time schools will clash tomorrow evening at 7:30 o'clock in the Roosevelt Junior high school gymnasium.

Both aggregations are known to contain first-class athletes, who are expected to furnish a neat basketball exhibition tonight. This is the first contest held between the two schools this year.

Spanish Handball Court To Be Built

Bids for construction of a Spanish handball court have been called for by Louis Diaz, operator of the Spanish American grocery at Second street and Macdonald avenue.

Diaz believes the courts will be popular among the Spanish populace of Richmond and will erect the courts near his store.

Rifle Club To Meet Tonight

The Richmond National Rifle club will hold its meeting tonight at the Woodmen hall. All members have been urged to attend the meeting.

Price Maps Out Spring Football Practice For U. C.

BERKELEY, Feb. 25.—Spring football practice is more than a mere formality of tossing the ball around at the University of California this year.

Coach C. M. "Nibs" Price has 75 men signed up and an average of 25 players out every night on Southwest Field, and spends from two to three hours drilling the men in fundamentals, basic plays, and starts. Varsity men and freshmen, letter winners and "goofs," stars and the near great have responded to the spring call, showing that they are behind the California coach in his resolve to topple Stanford next year if he does not win another game during the season.

A full campaign of spring practice has been mapped out by Price and his new assistant, Clifford "Buck" Mitchell. Price's football machine, which was used extensively in developing players last fall, will come in for extensive use in the first two weeks of work.

At the completion of preliminary practice, the entire squad will move up to the California Memorial Stadium and begin practice

Pursel Leads Bear Cagers

BERKELEY, Feb. 25.—Kent Pursel, forward of the University of California basketball team, wound up his college basketball career by amassing a total of 156 points in 17 games this season, a record 35 points better than that of his nearest competitor in the California scoring column.

Pursel took the scoring lead in the first game of the season and was never headed by any of his team mates. He averaged better than nine points per game, and played in every game on the schedule.

Wilson Tripp, his running mate at forward, finished second with 121 points. Captain Perry Ten Eyck, center, was next with 75. Other high scorers were Willie Neilson, forward, and Joel Coffield, guard with 41 points each; Carl Vendi, guard, 29 points.

for the annual interclass series, which is to be held this year in the spring. Varsity players and others will compete in the interclass games which have been scheduled tentatively for March 13, 14, 20 and 21.

THE RECORD-HERALD

U. C. Santa Clara Nines In First Contest Today

BERKELEY, Feb. 25.—Opening the league season at Berkeley, the University of California and Santa Clara baseball team will meet Wednesday at Southwest diamond. The game is scheduled for 3 o'clock.

The Bears completed their preliminary season last Saturday, by dropping the second of two games with the Athens club by a lopsided 8 to 1 score, while the Broncos have split two league games with Stanford. The game marks the opening of a campaign in which the Bears will be defending the California Intercollegiate Baseball association title which they won in 1929.

Norm Horner, leading pitcher of Coach Clinton Evans' string of six hurlers, will probably start on the mound, with Joe Smith, sophomore, catching.

Frank Limas To Fight Tonight

Frank Limas, El Cerrito pugilist, will tangle with "Tiger" Bob Jenkins in one of the preliminary fights to the Linkhorn-Corbett fight in Oakland tonight.

Again and Again Spit is a horrid word, but it is worse on the end of your cigar

... the war against Spitting is a crusade of decency ... join it. Smoke CERTIFIED CREMO!

He tried to "get away" ... but they caught him in the act. And yet his filthy habit is no more disgusting than the bestial custom of the workman who rolls cigars with dirty fingers and spits on the ends!

Why punish the one, yet tolerate the vile practice of the other? Smoke Certified Cremo and protect yourself against this abomination! Every tobacco leaf entering the clean, sunny Certified Cremo factories is scientifically treated by methods developed by the United States Government during the war. And its purity is safeguarded along every step of the way by amazing inventions that foil, wrap and tip the cigars without the possibility of spit!

Try a Certified Cremo—see how wonderfully good it is! Made of the choicest, tenderest leaves that the crop affords, we claim Certified Cremo's quality is tastier than that of any other cigar. Don't let its 5c price stand in your way. Certified Cremo is the kind of cigar your physician has in mind when he recommends a mild smoke in place of heavy brands.

Crush-proof ... immaculate ... foil-wrapped ... Certified Cremo is the kind of cigar the late Vice-President Marshall undoubtedly had in mind when he said, "What this country needs is a good 5c cigar!"

Certified Cremo THE GOOD 5¢ CIGAR ... THAT AMERICA NEEDED

BECKER WILL BE HEARD BY JURY

(Continued from Page 1)

made his own payments on his automobile.

Shurtlett had been accused by Fred Smith, former San Leandro automobile dealer, of accepting an automobile as payment of his "cut" in bootleg graft.

Commissioner Frank Colbourn, replacing William H. Parker as street commissioner, announced that his office is being flooded with letters making charges against various employees. Colbourn declared many of these letters were anonymous and went in the waste basket.

The probability of employing paving inspectors on a monthly instead of a per diem basis was announced by Colbourn. He declared this might remove the greatest temptation to graft; the uncertainty of steady employment.

Norman To Appear

It is expected Ernest G. Norman, admitted "fixer," will be recalled before the jury tomorrow.

According to Warren, Norman possesses some startling information regarding paving details.

District Attorney Warren stated that 82 more witnesses are to be heard from before the investigation is concluded. He stated it was undecided whether to return indictments shortly or wait until the inquiry has been completed.

Mayor John L. Davis and other members of the Oakland City council will be among those yet to appear before the grand jury.

Parker, who refused to testify for "fear of incriminating himself," has been warned by the district attorney not to leave the city.

Realtors Name Conduct Group

A professional conduct committee has been formed by the California Real Estate association. According to W. T. B. Campbell, West Hollywood, chairman, the body will have at its aim the eradication of unethical practices in the sales of real estate, through cooperation of the local real estate boards throughout the state.

Committee members are Harry B. Allen, San Francisco, past state president; Harrison R. Baker, Pasadena, chairman of the subdividers and homebuilders division; Emil Fritsch, past president of the Oakland Real Estate board; S. P. Lev, former chairman, subdividers division, Los Angeles Real Estate board; Harrison Lewis, Beverly Hills, chairman, legislative council; Naomi Elizabeth McCann, of North Hollywood, chairman women's division, southern area; and Frank E. Michel, Sacramento, state director.

Formation of the committee was the outgrowth of studies of selling methods conducted by a group headed by Campbell.

Herman Myers Annulment Suit

MARTINEZ, Feb. 25.—Suit for annulment of the marriage of Herman Myers of Richmond to Dorothy Speer was today filed by the boy's father, Rufus Myers. The marriage took place in San Francisco on Feb. 13.

Myers, in filing the suit, alleges his son was under age and lacked parental consent at the time of the marriage.

Local Club To Participate In Aircraft Meets

Plans were made for participation in model aircraft meets yesterday at the meeting of the Richmond Union high school aviation club. John Bankis and Joseph Betts were appointed to arrange for Richmond's participation in future meets. The members of the club have already commenced construction on models for entrance in the Tribune aircraft model flying contest.

The club adopted a new constitution at yesterday's meeting. Before the voting took place, the constitution was read by Richard Bonini.

Harry Tezzi, president of the high school aviation club, was appointed to secure A. D. Renford, American Air cadets representative, as a speaker at a meeting of the club.

It was announced at yesterday's meeting that ten dollars had been transferred from the high school student body fund to the account of the aviation club.

Coolidges At Hearst Ranch

SAN LUIS OBISPO, Feb. 25.—UP—A light rain greeted Calvin and Mrs. Coolidge today when they arrived here from Los Angeles to spend several days on the San Simeon ranch of William Randolph Hearst, newspaper publisher.

After breakfast, however, the sun shone and the 60 mile automobile ride from San Luis Obispo to the ranch was made under pleasant conditions.

Coolidge had expressed a desire for several days rest and it was not believed that he and Mrs. Coolidge would return to Los Angeles until after Friday. They will have complete seclusion from the public at the ranch.

Poison Meat Source Hunted

SAN FRANCISCO, Feb. 25.—UP—University of California toxicologists were today endeavoring to discover the source of the poison in food served at the Salvation Army banquet here Sunday, in which 140 persons were rendered ill.

Only seven of those taken sick were still under medical care today.

Scantly Clad Woman Hunted

SAN FRANCISCO, Feb. 25.—UP—A woman attired only in a negligee was sought by immigration authorities.

Mrs. Martha Armisheew was wanted for questioning regarding alleged illegal entrance from Canada. The officers had entered her home today and while they were talking to her husband heard the back door slam. They saw the woman running through the back lots but could not catch her.

Shieks Cinch Ice Title

OAKLAND, Feb. 25.—UP—Displaying the superior offensive expected, Oakland ice hockey team defeated the Hollywood Millionaires here tonight by a score of 5 to 1.

The Shieks, by winning the game tonight, cinched first place in the California Hockey league, with only another month of play remaining.

George Sandercock and Bud Cook each scored twice for the winners.

Love Dies

MRS. JIM TULLY, (right), wife of the "hobo author," Jim Tully, (left), has established a residence in Las Vegas, Nev., and plans to ask a divorce.

FOUR KILLED IN MINE BLAST

POTTSVILLE, Pa., Feb. 25.—UP—A terrific explosion a mile underneath in the Lytle coal mine at Minersville near here took the lives of four men today, sent three others to the hospital with injuries which probably will prove fatal and may have entombed two or three other workmen.

The blast occurred just as the day shift miners were leaving the shaft. Had it come a few minutes earlier, the death list would have been much larger, mine company officials said.

Buildings for more than a mile around the mine were shaken by the explosion, which was so violent that a large number of telegraph poles were knocked over.

The mining camp was swarming with workmen when the explosion occurred but only a few men were below the ground. The night crew was just preparing to enter the shaft.

As quickly as the smoke cleared from the shaft, seven volunteer rescue workers descended. When they reached the sixth level, where the explosion occurred five of them were overcome by black damp and the two others were scarcely able to make their way back to the surface.

Another rescue squad equipped with gas masks, went down and brought the five men to the surface. They were revived at a first aid station which was set up on the mine property.

Mine officials who were investigating the explosion tonight said that two or more miners, working on the night shift may have entered the shaft ahead of time and may be entombed.

Fiancee Mourns Death Of Mahan

KANSAS CITY, Mo., Feb. 25.—UP—When Fred "Dummy" Mahan, welterweight boxer killed at San Francisco Sunday was in Kansas City several months ago he met Miss Kathryn Allen, 22, also a dear mate.

Today it became known Mahan's death when the parachute failed to open during his leap to cure deafness and shattered the romance between the boxer and the Kansas City girl. They became engaged and were planning to be married sometime in March.

THE RECORD-HERALD

FORD STRESSES SERVICE FOR OWNERS

Controlled service for the benefit of Ford automobile users as it operates today is a far cry from the service provided by Henry Ford in 1908 but it is founded upon the same principle.

In his early days of automobile manufacture, Ford frequently would deliver a car personally to the new owner and see to it that arrangements were made to keep it in good running order. Usually he would find the best mechanic available and explain the construction of the car to him. When such a mechanic was not to be found, the town blacksmith was pressed into service.

Obviously, as the business grew this personal service became impossible. But Ford made it his business to have appointed, in the ever-widening circle of towns, capable men who would devote their entire time to the care of Ford automobiles. This force of men worked under close factory supervision and according to certain set standards.

The controlled service, as it has now become known, was founded upon the initial business principles which actuated Ford, namely, that his obligation to car purchasers did not end with the sale.

Just as the Ford Motor company was the pioneer in the making of a strong, simple, satisfactory automobile at a low price, so it also was the pioneer in establishing complete and satisfactory service facilities. Provision for the speedy purchase of parts and repairs at a reasonable cost were the innovations of that service.

There are today more than 8000 Ford dealers in the United States. Those mechanics have been trained in special schools conducted by the Ford Motor company and who are equipped with the latest service machinery. No matter in what section of the country the car owner may find himself, there is a Ford dealer prepared to render prompt and business-like service.

Guy R. McCoy, attorney for Joe Pureza, declared his client owned one of the stills.

help him get thousands upon thousands of miles of satisfactory, low cost motoring at low cost per mile.

Richest Baby

JANE DUBONNET, younger daughter of M. Emile Dubonnet, French multimillionaire is declared to be the richest child in Europe.

County Still Planting Charged

OAKLAND, Feb. 25.—Charges that a ring of "still planters" is in operation in Contra Costa and Alameda counties were made today at police headquarters.

It was charged that the ring, which has headquarters at San Francisco, places stills in the homes of foreigners who "take the jolt" in event of arrest.

Guy R. McCoy, attorney for Joe Pureza, declared his client owned one of the stills.

help him get thousands upon thousands of miles of satisfactory, low cost motoring at low cost per mile.

Anderson Death Cause Probed

Alameda county authorities are investigating the death of Neil Anderson, 66, a cabinet worker employed by the Hill Lumber and Hardware company here, Anderson's body was found floating in the Oakland estuary yesterday.

Anderson had been employed in Richmond for the past 20 years and had lived in Stege, according to Al Hill, president of the local company. Recently he moved to Oakland. In January he disappeared.

Funeral services will be held here this afternoon at Sunset View cemetery.

TWO WOMEN IN CONTEST FOR GOVERNOR

(Continued from Page 1)

her candidacy or governor. "I think I would be foolish not to run since so many persons have urged me to do so in letters, not only from California but from all parts of the United States," she said.

Lots Of Hope
"I have no illusions but I have lots of hope," she continued. This business of being governor started out as a merry little farce, but it may go far.

The major plank of her possible campaign seemed to be:

"It is time that someone started laying down the law to the men in this sun-crowned state."

Mrs. Foltz was one of the first women admitted to practice before the Supreme Court of California.

"Every law in California that is for the benefit of women, I have had some part in making," she claimed. "We have let the men enforce the laws that we make too long."

Too Much Bunk
"There are too many lawyers—too many laws—too much bunk in the world. I would like to clear a little of it out before they walk slow behind me."

"Make me governor," Mrs. Foltz continued, "and I'll throw open every penitentiary and set every innocent free."

The other feminine politician, Mrs. Rooney, has long planned for the objective of nominating a "wet candidate" and the petitions are said to be the first of their kind in the country. Names of those who will run on the slate have not been announced.

SIMONIZING
Nothing will preserve the beautiful original finish of your car like a GOOD Simonize job. SATISFACTION GUARANTEED.

Protect Your Furniture

A \$1.25 to Rid Your Home of Moths May Save You Hundreds of Dollars.

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

PRICE \$1.25 PER BOTTLE
